

## Transfer and Absentee List

Write absentees and transfers beside the catalog number for the cat. For example, mark absentee list, transfer to open, champion, grand champion, or transfers involving a different color class.

When the Transfer and Absentee list is as complete as possible after cats have been benched, provide a copy of the list to each judge, the announcer, the master clerk and any other show personnel that may be concerned with this aspect of running the show. Keep one copy for transmittal to Central Office with the official show records
