EXOTIC

- 1. PROPOSED:** Litters born from LH Exotic x LH Exotic and LH Exotic x Persian breedings shall eligible for registration in CFA.

RATIONALE: This restriction was put into place in 2008. Since that time, there have been some instances where LH Exotics have been inadvertently registered as Persians. Those cats have gone on to grand and have sired registered Persian offspring which have gone on to grand and also produce offspring. All are registered as Persians, when, in fact, they are LH Exotics. It is our intention to re-allow these crosses to be registered, which will keep the integrity of the Persian and Exotic pedigrees, and avoid future mishaps. These litters will be identified by an Exotic 7XXX number.
