**2011 BREED COUNCIL POLL**

**TOTAL MEMBERS – 49**

**BALLOTS RECEIVED – 22**

**60% OF VOTING - 13**

---

**PERSIAN – CALICO AND BI-COLOR DIVISION**

---

1. **PROPOSED:** Add the following color description for **POINTED AND WHITE** to the list of accepted Calico and Bi-Color Division colors and include them in the **OTHER BI-COLORS** color class:

**POINTED AND WHITE:** a cat of white and colored portions, the colored portions of the cat to conform to the currently established Himalayan (point) pattern color descriptions. As a preferred minimum, the cat should have white feet, legs, undersides, chest and muzzle. Less white than this minimum should be penalized proportionately. As a preferred minimum, the cat should have a colored tail and one or more patches of color on the head or body. Less color than this minimum should be penalized proportionately. **Eye color:** deep vivid blue. **Disqualify:** eye color other than blue.

**RATIONALE:** Pointed and White Bi-Colors are naturally occurring colors within the breed and worthy of obtaining championship status within CFA. It is proposed that they be judged in the Other Bi-Colors color class as there will likely be too few initially competing on the show bench to grant them their own separate color class.

YES:   8  

NO:  13  

ABSTAIN:   1
