

VOTE FOR

Regina Shaffer

Candidate for Director at Large

For Us and Ours, not me and mine

Why Am I Different

- US and OURS - not me and mine. I want what is best for US – CFA: OUR Members, OUR Breeds, and OUR Shows.
- Fair and Impartial -- I can stand back and see the issues along with their many facets – not just one perspective. I am a good listener and take the necessary time to understand all the facts before making decisions.
- Open to New and Fresh Ideas – I am willing to listen and explore innovative ideas and suggestions.
- High Moral and Ethical Standards -- I have and will continue to provide honesty and integrity at the CFA Board table.

Goals

I believe CFA needs to

- Realize it's time for change and work to achieve financial and organizational stability
- Increase our registrations – the “bread & butter” of CFA
- Brand CFA so that we are recognized as truly the Top Feline Registry in the World
- Modernize Central Office and while doing so, make access to our services easier and more user friendly
- Be more responsive to you, our customers
- Bring new people into the CFA while continuing to work hard to keep those we have
- Continue to accept new breeds and colors while maintaining the history of our current breeds
- Update our awards and honors programs
- Continue with our Legislative efforts

CFA Experience

I have been active, not only with my specific breeds, but active within the workings of CFA from show production to the CFA Board Table. I bring CFA Knowledge and Experience to the job.

- 30 years breeding and showing exclusively CFA (Abyssinians, Oriental Shorthairs, and Exotics)
- 28 years active member of the Abyssinian Breed Council and 4 years active member of the Oriental Breed Council
- 28 plus years of club membership -- Current Memberships: Abyssinian Breeders' Int'l (Director), Crown City Cat Club (Treasurer), Marina Allbreed Cat Club (Member), Las Flores Cat Club (Secretary), and Hemet Feline Fanciers (Secretary)
- 20 plus years Clerking Program (Entry Clerk, Ring Clerk, Master Clerk, and current CFA Clerking Program Chair)
- 4 years CFA Board of Director experience as recent past Southwest Regional Director

Personal and Business Experience

My educational background and my professional experiences are diverse. I have spent 25 plus years in business management, nearly 20 years working for Hughes Aircraft Company in business management, managing multimillion dollars projects from proposal through project completion. Since leaving Hughes, I have taught computers to elementary students; worked for a multi-magazine company; managed a graphic design/print shop, and am now working for a transportation firm. I have worked with people from top executives to kindergarten children. This experience along with my educational background, a BA in Sociology with a minor in Psychology, has provided me a foundation and understanding of human nature, which has given me the ability to work with all ages, educational backgrounds, and cultural differences.

I would appreciate your club's support of my candidacy for Director at Large.
