

Wayne Trevathan

Candidate for CFA Director at Large

Phone: 954-894-8555 or FAX 954-237-6995
eMail: Euroburm@aol.com

Change...! A word we have heard a lot recently, both on a national level and within our own CFA community.

I would affect three major changes:

- **Transparency** - CFA should be responsible for FULL DISCLOSURE for reporting all accountings in black & white to its member clubs.
- **Reduce the size of the CFA Board** - Reducing the size of the board reduces costs.
- **Promote CFA as a Registry** - CFA is not in the business of producing shows nor competing with its member clubs. CFA's primary mission is as Registry first and foremost.
-

There will be tough times and tough decisions to be made at the CFA board table in the areas of finance, the ability to attract new members, legislation etc. I feel that if elected I will be an asset to the board because:

- I am able to think outside the box.
- I am a good listener and can assimilate opposing views.
- I am a team player and won't hesitate to represent you at the board level.

CFA Experience:

- Breeder: 40 years breeding Burmese, Siamese, Persians and European Burmese (EB).
- I have been instrumental in the progression of the EB since its acceptance for registration in 1992, all the way through advancement to Championship status in 2002.
- Past Burmese Breed Council Secretary.
- CFA All breed Judge for 29 years. I have enjoyed judging cats in all parts of the world and for many different associations. This enables me to bring a wide and different perspective of judging styles, judges training and breed standards to the table
- CFA Board: 8 years as Southern Regional Director (1990-1998)
- CFA Judging Program: 6 years. Working with domestic judging trainees and all International judges, training and advancements.

Thank you for your support.

I will bring the same integrity and fairness that I use behind the table as a judge to the Board table as a CFA Director.
